APPLICATION FOR GRANT AID

Applications should preferably be made for specific needs. In general grants are available to assist in the purchase of instruments and music, as a contribution towards the cost of tuition and travel, and for study courses. Requests are also considered for grant aid in respect of county course fees, provided the authority has already been approached. Where applicants are in full time study the Trustees will want to know the extent to which parents can contribute and what other sources of financial help have been approached.

A music teacher's statement is an essential part of any successful application and a form is enclosed for you to forward as necessary.

All information regarding financial circumstance and commitments including documentary evidence will be stored securely, not transferred to any database and treated in strictest confidence.

Please complete and return the following application form.

Name: Age :

Name of parent / guardian:

Address:

.....

..... Telephone:

Email:

Instrument/Voice:.....

Approximate standard:
